

Peak (Interlude)

Gabz

No one understands how it feels to peak at fourteen
You've got more to give but no one can see
The hurting inside stopped creativity
Now you're left picking up every piece
No one understand how it feels to feel so damn weak
Everyone stares but no one can see
You greet them with smiles with tears underneath
And every step feels like defeat

Although I'm trying
I can't stop crying
Inside I'm fighting
'Cause there's a war within
No more denying
And now I'm fighting
Who I really am
And I don't care if you understand

Now I understand that I never peaked at fourteen
I've got more to give and one day you'll see
The healing inside if giving me peace
And I love every piece of me, every piece of me
