

## Dedication

**Gadget**

This cracked skull takes all the beating  
These broken arms takes every fall  
With the fragments beneath us  
Cleanses the curse, puts to rest  
Saves what is left and wades  
Through this sea of heavy dust  
This clouded mind  
Benumbed, reduced to nothing  
Please salvage this wreckage  
This cracked skull takes all the beating  
And these broken arms takes every fall  
A sewn shut embrace can never let go  
Forever sworn  
Through life  
Through death
