

Blinded By Hate

Gaia Epicus

You took my soul, from deep inside
You burnt my eyes and fed me lies
You took control, over my life
It's sad but true, but I am you
I am you

Blinded by hate
I know your mind, your darkest thoughts
I feel your pain, I am insane
I taste your fear, I am inside
It's sad but true, but I am you
I am you

Blinded by hate
I'm losing all control
Insanity has taken me
Their heads are gonna roll
Madness has infected me
