

# Victory

Gaia Epicus

Brothers of metal unite  
It's time to stand up and fight  
Let our voices be heard  
Forever and for more

Lift the flag up high  
Wave it in the sky  
Cause metal never dies  
It will lead us to Victory

Together we build a force  
Stronger than steel stronger than all  
Tonight we are all in the crowd  
There's no turning back it's gonna be loud

Brothers of metal unite
