

Love Impossible

Gala

I know better, but I've been blind
To all the warning signs
Seems you never will arrive
When love's on the line

It's almost always, but not forever
You keep breaking my heart, so why don't I die?
'Cause it's always, almost getting better
Kills me and keeps me alive

I want this love impossible
It's a cold, it'll shut me out of love impossible
I can hardly breathe, heart emergency
Cool and beautiful, I'm losing my own soul
It's love impossible, but it's gone until you're mine

There's nothing left inside
So why does it feel so right?
The best mistake I could make
I'll make it tonight

It's almost, always but not forever
You keep breaking my heart, so why don't I die?
'Cause it's always, almost getting better
Hope kills and keeps me alive

I want this love impossible
It's a cold, it'll shut me out of love impossible
I can hardly breathe, heart emergency
Cool and beautiful, I'm losing my own soul
It's love impossible, but it's gone until you're mine

(Until you're mine)
(Until you're mine)
(Until you're mine)
(Until you're mine)

I want this love impossible
It's a cold, it'll shut me out of love impossible
I can hardly breathe, heart emergency
Cool and beautiful, I'm losing my own soul
It's love impossible, but it's gone until you're mine
