

The Struggle

Galactic Cowboys

(Cover my eyes)

(Cover my eyes)

Cover my eyes
Too bright for night
Path that I run
Too small for some

Take a step and try to walk, I fall
Plant my feet and try to stand
The struggle never ends
(It never ends!)

(Chains made of flesh)

(Chains made of flesh)

Chains made of flesh
Shackles of death
Peace to my right
Spirit of life

Take a step and try to walk, I fall
Plant my feet and try to stand
The struggle never ends
It never ends
(It never ends!)

Just a slave to something I can't stand
It's gonna kill me, kill the inner man
Like a pyre burning up and down
It's gonna burn this temple to the ground

Plant my feet and try to stand
The struggle never ends
Never ends
Never ends
Uuu..
Never ends
No, no, no. Ooo!
It never ends!
