

Cavernous Man

Galactic Industry

No matter what size your business
We stand by you
We only need your votes
Then forget, who are you?

Stay cavernous man
You must feel
You choose the right men
You can fall
If you go away
No matter how you enjoy life
It's on you
You can't decide about affairs
Which you don't understand

Stay cavernous man
You must feel
You choose the right men
You can fall
If you go away
