

Lost Man

Galactic Industry

Cut me a day, just today
(One day in my life)
Into small pieces
(One day in my life)

I will see the world in its real colours
In this way at last
(Day in my life)
I will understand what's going on at last
(Day in my life)

If you won't describe me
How it works, you can kill me
I will be a lost man
If you won't describe me
How it works, you can kill me
I will be a lost man

I was nowhere just today
(One day in my life)
To study your plan for me
(One day in my life)

If you will not tell me
What to do, how to vote every time
(Day in my life)
I will rather belong to non-speaking majority
(Day in my life)

If you won't describe me
How it works, you can kill me
I will be a lost man
If you won't describe me
How it works, you can kill me
I will be a lost man

(If you won't describe me
How it works, you can kill me
I will be a lost man)

If you won't describe me
How it works, you can kill me
I will be a lost man
If you won't describe me
How it works, you can kill me
I will be a lost man
