

# Guardian Angel

Galahad

When all around is mayhem When madness is calling me  
When temptation is the brightest light Preying on my vulnerability

The lure of forbidden excitement Is in danger of taking hold  
Living life in the danger zone Surrounded by fools gold

You are my guardian angel And will forever be You are my guardian  
angel I thank you for having faith in me You are my guardian  
angel My world, my faith, my family

Despite all the chaos You are always at my side To lead me out  
of dark And into the light

I know at times I've been off the rails And sometimes out to sea  
But I know you are always calling And looking out for me

You are my guardian angel And will forever be You are my guardian  
angel I thank you for having faith in me You are my guardian  
angel And will forever be You are my guardian angel My world,  
my faith, my family

You are my, you are my, you are my, you are my  
Guardian, Guardian, Guardian, Guardian  
Angel, Angel, Angel, Angel
