

# 8 Days

Galantis

8 day

Eat, drink, sleep  
You keep me holding on but tomorrow never comes  
Oh baby I'm lonely  
So take me where you are, a second is too much to be apart

I'm tired of dancing on my own  
Got me suffering

Feels like an eight-day week  
You're preying on my mind  
You're taking your time  
It's an eight-day week  
To think about you's  
Killing me, killing me softly

Killing me, killing me, killing me  
Killing me, killing me, killing me  
Softly

8 day

Eat drink sleep  
I'm just killing time until you stay the night  
You know I can't break free  
In your arms, I'd die  
But just one touch will bring me back to life

I'm tired of dancing on my own  
Got me suffering

Feels like an eight-day week  
You're preying on my mind  
You're taking your time  
It's an eight-day week  
To think about you's  
Killing me, killing me softly

Killing me, killing me, killing me  
Killing me, killing me, killing me  
Softly  
Killing me, killing me, killing me  
Killing me, killing me, killing me  
Softly  
Killing me, killing me, killing me  
Softly
