

Fool 4 U

Galantis

I'm a fool
A fool for you

Been here before, starin' in your eyes
I can see through the lies and behind them
Promise ourselves it's different this time
Yeah, we play with the fire 'til we burnin'

Yeah, I see the white lines, the stop signs, I
Know that I should know better, better, better
You play on my heart strings, no hard feelings
Tell me I should know better, better, better

Now I'm a fool
A fool for you
I'm a fool
A fool for you
Fool for you

I'm a fool
A fool for you
I'm a fool
A fool for you
Fool for you

Asleep or awake, admit I stayed, I
I don't know where to go, don't know who I am
I'm losin' my faith, bend 'til I break, I
I know I shoulda run when I had the chance

Yeah, I see the white lines, the stop signs, I
Know that I should know better, better, better
You play on my heart strings, no hard feelings
Tell me I should know better, better, better

Now I'm a fool
A fool for you
I'm a fool
A fool for you
Fool for you

I'm a fool
For you
I'm a fool
For you
I'm a fool
A fool for you
