

Holy Water

Galantis

[Verse 1]

I can't get down
Down from this high (High)
High as a waterfall
If hearts could fly (Fly)
Want you to breathe (Breathe)
Breathe next to me
Caught in this lullaby
Sing it to me

[Pre-Drop]

I wanna drown in your holy water
You know a sin never felt so good
I wanna drown in your holy water
A-Amen (A-Amen, A-Amen)
I wanna drown in your holy water
You know a sin never felt so-

[Drop]

[Verse 2]

I'm all shook up
Shook up on you (You)
We burn like fireflies
Burn baby blue
'Cause I'm so deep (Deep)
Deep into you (Into you)
You are my church tonight
My holy view

[Pre-Drop]

I wanna drown in your holy water
You know a sin never felt so good
I wanna drown in your holy water
A-Amen (A-Amen)
I wanna drown in your holy water
You know a sin never felt so good
I wanna drown in your holy water (A-Amen)
You know a sin never felt so-

[Drop]

[Outro]

You know a sin never felt so good
