

Hungry Heart

Galantis

You thought we couldn't be friends in the morning
After we stayed up till six in the morning
I knew what I wanted, yeah
It was you that I wanted
You, you make me feel like I'm finally okay
All of the colors, they mourn when you hold me
Running together
We're better together (Ooh)

Daylight to the moonlight to the sunrise to the water
Dark nights and the hard times only make me want you more
Want you more

Yeah, you always leave me with a hungry heart
'Cause all I think about is, think about is you
Every time you leave, I always fall apart
'Cause all I think about is, think about is you, ooh
Got me swimming in your blue eyes (Eyes, eyes)
You got me wishing just for one night
Yeah, I got a hungry heart, hungry heart (Heart, heart, heart)
Ooh-ooh-ooh, ooh-ooh-ooh

Yeah, I got a hungry heart (Woo, woo)
Hey, hungry
Yeah, I got a hungry heart, a hungry heart (Heart, heart, heart)

No, I make everything so complicated
I put it on you, I don't know how to take it
Whenever I'm with you, yeah
I already miss you

Daylight to the moonlight to the sunrise to the water
Dark nights and the hard times only make me want you more
Want you more

Yeah, you always leave me with a hungry heart
'Cause all I think about is, think about is you
Every time you leave, I always fall apart
'Cause all I think about is, think about is you, ooh
Got me swimming in your blue eyes (Eyes, eyes)
You got me wishing just for one night
Yeah, I got a hungry heart, hungry heart (Heart, heart, heart)
Ooh-ooh-ooh, ooh-ooh-ooh

Yeah, I got a hungry heart (Woo, woo)
Hey, hungry (Woo, woo)
Yeah, I got a hungry heart, a hungry heart (Heart, heart, heart)
You, ooh
Swimming in your blue eyes (Yeah, I got a hungry heart)
Wishing just for one night (Heart, heart, heart)
Yeah, I got a hungry heart (Yeah, I got a hungry heart)
Heart, heart, heart, heart (Woo, woo)
Yeah, I got a hungry heart, a hungry heart
