

## Pretty Please

Galantis

Don't hate me, give love a chance  
Don't need your heart, just need your hands  
Knew from the start that this won't end  
Don't you tease me, baby, please

Pretty please, pretty please  
Pretty please, pretty please  
Pretty please, pretty please  
Pretty please, pretty please (Woo)

Don't you tease me, baby, please

I'm gon' touch if you let me  
Give me love if you have it  
No more talk, let me have it  
Swear now I'm ready  
Had enough, I admit it  
Lookin' so camera-ready  
Got me feelin' some type of way  
'Cause your body is so wavy  
This feels too good to let it go, ayy  
(Yeah, move it, move it)  
But I can't let you lock the door, mmm

Don't hate me, give love a chance  
Don't need your heart, just need your hands  
Knew from the start that this won't end  
Don't you tease me, baby, please (Woo)
