

## Devil's Advocate

Gallant

I know they say I'm in over my head  
That I'm too insecure to have you waking up in my bed  
Suffered in the past but they don't know the half of it  
Might have been a few shipwrecks before  
But now I'm standing right here on the shore

And I need you to give me a little benefit of the doubt  
I need you to give me, babe, a little benefit of the doubt  
Even in the face of what they say, will you play devil's advocate?  
Even in the face of what they say, will you play devil's advocate?

They say I'm cold, say I'm too cavalier  
Sabotaging my character at times, acting a fool out of fear (fool out of fear)  
They drive the bus, now they're throwing me under it  
Wouldn't last a day in my shoes, falsely accused (falsely accused)  
Locked in a cell with no proof

But I need you to give me a little benefit of the doubt  
I need you to give me a little benefit of the doubt  
Even in the face of what they say, will you play devil's advocate for me?  
Even in the face of what they say, will you play devil's advocate?  
(What's in your head? What's in your head?)

I know they say I'm in over my head  
That I'm too insecure to have you waking up in my bed
