

Put That On Everything

Gallant

If you're looking to find
A love that will stand 'til
The end of time
Baby relax your mind, my love is here
Yeah, yeah
I'll do everything I swear
I'll take the pain and the hurt
You won't know it's there
Your once will be nothing
I'll put that on everything

I will pull a star out of the sky for you
Yes I would
To the edge of the earth
I'll go to see you
Yes, it's true
If you're anywhere and I'm not there
Just think one thought of love
And I'll appear

I'll walk with you
Through the desert heat
I'll climb the mountains highest peak
I'll swim forever in the deepest seas, oh
Just for you this song I sing
For all the love and joy you bring
I'll even try to do the impossible things
I'll put that on everything

If you're looking to find
A love that will stand 'til
The end of time
Baby relax your mind, my love is here
Yeah, yeah
I'll do everything I swear
I'll take the pain and the hurt
You won't know it's there
Once will be nothing
I'll put that on everything
(Put that on everything)

Before I dream
I lay and think of you every night
Honest to God
I'm tellin' you the truth, hey
I wish you could see
How much your presence means to me
You will love me so much
More each day, oh

I'll walk with you
Through the desert heat
I'll climb the mountains highest peak
I'll swim forever in the deepest seas, oh
Just for you this song I sing
For all the love and joy you bring
I'll even try to do the impossible things

I'll put that on everything
(Put that on everything)

If you're looking to find
A love that will stand 'til
The end of time
Baby relax your mind, my love is here
Yeah, yeah
I'll do everything I swear
I'll take the pain and the hurt
You won't know it's there
Once will be nothing
I'll put that on everything
(Put that on everything)

I'll walk with you
Through the desert heat
I'll climb the mountains highest peak
I'll swim forever in the deepest seas, oh yeah
Just for you this song I sing
For all the love and joy you bring
I'll even try to do the impossible things
(Do impossible things, babe)
Put that on everything
