

Scars.

Gallant

Been a minute
Since you've been gone
Grass looked greener
So, you fell in his arms
Thought I was going
Above and beyond
Learned my lesson
Now, I'm trying to keep calm

But you left me with scars
I was so wrong, I was so wrong
'Cause you left me with scars
I'm moving on, I'm moving on
Girl you left me with scars
I was so wrong, I was so wrong
'Cause you left me with scars
I'm moving on, I'm moving on (Left me now I'm moving on)
Girl you left me with

Would've never (Never baby, never baby)
Painted these walls
If I knew that (Knew that) on the outside
It was falling apart
Thought through the worst weather
I'd be the
The lighthouse you'd always depend on
I was sure when you came to shore
You'd give me what you got

But you left me with scars
I was so wrong, I was so wrong
'Cause you left me with scars
I'm moving on, I'm moving on
Girl you left me with scars
I was so wrong, I was so wrong
'Cause you left me with scars
I'm moving on, I'm moving on (Left me now I'm moving on)
Girl you left me with scars
I was wrong, I was so wrong
(Like a thief in the night, you left me behind with scars)
'Cause you left me with scars
I'm moving on, I'm moving on
(Like a thief in the night, you left me behind with scars)
Girl you left me with scars
I was so wrong, I was so wrong
(Like a thief in the night, you left me behind with scars)
'Cause you left me with scars
I'm moving on, I'm moving on (Left me now I'm moving on)
(Like a thief in the night, you left me behind with scars)
Girl you left me with
