

## Siberia.

Gallant

Ba-ba-ba-ba-ba-ba, ba-ba-ba, ba-ba-ba  
Ba-ba, ba-ba, ba-ba

I broke my neck when I fell for you  
Now I can't feel a thing, but you're under my skin  
The archetype and the absolute  
When I reanimate, I'll be on my best behavior

Shell shock for two, best that I could do  
I feel for you, I feel for you  
So if you need some cold comfort  
I'll be here all night  
With an icicle shoulder  
Wasting all your time  
With seizures and chills  
Like a poisonous pill  
I'll take you under with me  
Baby

Ba-ba-ba-ba-ba-ba, ba-ba-ba, ba-ba-ba  
Ba-ba, ba-ba, ba-ba

Feeling so safe in delirious  
It hurts to ruminate  
You shake with every brainwave  
It's magnified in the lithium  
Pining for relief  
Salvation's at your feet, babe

Shell shock for two, best that I could do  
I feel for you, I feel for you  
Ah, so if you need some cold comfort  
I'll be here all night  
With an icicle shoulder  
Wasting all your time  
With seizures and chills  
Like a poisonous pill  
I'll take you under with me  
Baby

Ba-ba-ba-ba-ba-ba, ba-ba-ba, ba-ba-ba  
Ba-ba, ba-ba, ba-ba  
Ba-ba-ba-ba-ba-ba, ba-ba-ba, ba-ba-ba  
Ba-ba, ba-ba, ba-ba
