

Tandem

Gallant

When I was low on pesos, no shoes on my feet, you knew I got you
I was all out of clean clothes, evicted from the house but you knew I got you
Picked you up in my ride, purple handlebars with the glitter tassels
Matching lights on the side, magic card in the wheel, so they heard us passing through...

Put your hands in the air if you know I still got you
Leave 'em there in the air if you know that I'll come through

We're in tandem like bikes, why don't you take a seat
You'll be riding all night, I'll be rocking in sync
We might fuss, we may fight, never lose chemistry
We're in tandem like bikes, why don't you take a seat
So in tandem like bikes

Put your hands in the air if you know I still got you
Leave 'em there in the air if you know that I'll come through

We're in tandem like bikes, why don't you take a seat
You'll be riding all night, I'll be rocking in sync
We might fuss, we may fight, never lose chemistry
We're in tandem like bikes, why don't you take a seat
So in tandem like bikes, why don't you take a seat (now we're moving it, now we're moving it)
You'll be riding all night, I'll be rocking in sync (now it's sinking in, keep on pushing it)
We might fuss, we may fight, never lose chemistry (now we're moving it, now we're moving it)
We're in tandem like bikes, why don't you take a seat (now it's sinking in, keep on pushing it)
So in tandem like bikes
