

## Hell Trucker

Gama Bomb

Riding the motorway to whence I go  
Hell is the next stop with this cargo of souls  
Only the damned are in my boot  
Speed metal, the floor to my foot  
My iron wheels are crushing steel  
The firey engine screams doom  
Nazis flee and go screaming to hell  
Where this highway leads

I am a hell trucker  
Laying waste to the road  
With a neutron bomb as my load  
Watch me go

I am a hell trucker, bodies on the road  
Skulls beneath you will see  
As my claw is upon this bomb  
The nuclear end thus will be
