

# Tuck Your T-Shirt In

**Gama Bomb**

Preaching teaching prating braying saying every day  
Mind your manners and your Ps and Qs  
If you play it safe don't be late and brush your teeth and clean your plate  
But if you never let her rip then what's the use?  
Advisory parental, medical and dental  
Someone tell me what we're saving for  
Tuning in and dropping out but making sure you're all about  
A mortgage and the two point four

Find a wife  
Get a life  
Get a man  
Make a plan  
We can't tell left from right

Glass ceiling  
Sinking feeling  
World is spinning  
We are reeling  
But we don't give up the fight

Living in a system inconsistent with your will to live  
Tuck your t-shirt in  
Regulations keep you in your station no more shits to give  
Tuck your t-shirt in  
You're a victim of the scene you got creases in your jeans  
Tuck your t-shirt in  
Never doing what you want and never saying what you mean  
Tuck your t-shirt in

There's no option called failure, there's no time to wait your mobility is grinding to a halt  
But it's later than you think because we all end up in stink  
If you let it go it's nobody else's fault  
Shaping up and shipping out and getting crushed beneath the doubt  
Of all the stuff you really should have done  
You make a wage, you act your age and find your place upon the stage  
But you'll never get your way beneath the gun

Stay in school  
Know the rules  
Turn the cheek  
Suffer fools  
Still going nowhere fast

Keep fit  
Bigger tits  
Look good  
Feel like shit  
How long can it last?

Living in a system inconsistent with your will to live  
Tuck your t-shirt in  
Regulations keep you in your station no more shits to give  
Tuck your t-shirt in  
You're a victim of the scene you got creases in your jeans  
Tuck your t-shirt in

Never doing what you want and never saying what you mean  
Tuck your t-shirt in

Cut loose fill your boots get your share of all the loot  
This is you, keep it true do the things you want to do  
Be yourself no one else not the guy that you were telt  
Do it all get it wrong get it out and get it on

Tuck your t-shirt  
Tuck your t-shirt  
Tuck your t-shirt in
