

# Heaven or Hell

Gamma Ray

Where will I go now it's all over  
Where will I be now all is said and done  
Here comes the time, prepare for justice  
Seems like my final journey has begun  
Riding on the wind, there's only one place left to go  
Take me to my afterlife, high up or down below  
Heaven or Hell - where do we go when we are leaving  
Heaven or Hell - whatever comes to set us free  
Heaven or Hell - I've gone a long way and I see there's no wish  
ing well  
The choice is made, it's heaven or hell  
I'm not the one who was expected  
So I'll return and be from heaven sent  
I'm gonna get myself elected  
And now I wanna be the president - "Viva el Presidente"  
Master of the damned I'll be the savior of you all  
Take me as a holy god to save you from the fall  
Heaven or Hell - where is my final destination  
Heaven or Hell - whatever comes to set us free  
Heaven or Hell - we've gone a long way and we'll see there is n  
o wishing well  
The choice is made, it's heaven or hell  
Master of the damned, I'll be the savior of you all  
I'm your revelation I'm a walking miracle  
Heaven or Hell - what is our final destination  
Heaven or Hell - where do we go from here  
Heaven or Hell - we've gone a long way and we see there is no w  
ishing well  
The choice is made, it's heaven or hell  
Heaven or hell  
It's heaven or hell  
There's no wishing well  
It's heaven or hell
