

# Unburden Unbound

Gang of Four

He's so alienated he doesn't even understand  
That, that what he's asking for is what he already knows  
He would expect to masturbate

She's very two dimensional, you know, deliberately so  
I mean she, in the interchange, she has no personality

She could be a tape recording

He knows she's real to the extent one knows anybody  
Is real. You can't get away from that

She, who's the victim? Is he the victim?
