

# Blue Betty

## Garbage

Blue Betty takes herself down  
To the shadiest part of town  
Where the thieves and killers run  
Along with daughters and forgotten sons

Upon the bridge and there's no one around  
Blue Betty's gonna figure it out

She shakes the [?]  
She shakes the [?]  
She shakes the [?]  
She shakes the [?]  
She shakes the [?]  
She shakes the [?]  
She shakes the [?]  
She shakes the [?]  
Until she's done

Upon the wire where the blue birds fly  
Blue Betty starts to climb  
She sees the world in space and time  
Our Betty had a colorful mind

You know daddy said it best  
Nobody else is gonna clean up your mess

She shakes the [?]  
She shakes the [?]  
(She shakes the [?])  
She shakes the [?]  
She shakes the [?]  
(She shakes the [?])  
She shakes the [?]  
She shakes the [?]  
(She shakes the [?])  
She shakes the [?]  
She shakes the [?]  
Until she's done  
Until she's done  
Until she's done  
Until she's done

No more longing, no more pain  
No wicked feelings and nothing to stress about  
No conversations, no one gets hurt  
No more sadness and nothing to stress about  
No more parties and no more hurt  
No anxious nice words and nothing to stress about  
Nothing to stress about

She shakes the [?]  
She shakes the [?]  
(She shakes the [?])  
She shakes the [?]  
She shakes the [?]  
(She shakes the [?])  
She shakes the [?]

She shakes the [?]  
(She shakes the [?])  
She shakes the [?]  
She shakes the [?]

Until she's done  
Until she's done (She's done)  
Until she's done  
Until she's done (She's done)  
Until she's done
