Garbage

1 2 3 4

You got my number you know what I need
And I go crazy when ever I bleed
Won't you come over I swear I'll be nice
My girlfriend told me that you got a wife

I learn to bribe I learn to say please
Oh wont you lick the pavement for me
I learn to bribe I learn to say please
I like you best when your on your knees

I know your lonely cause your just like me
Why don't you call me you'll know where I'll be

Do do do do do do do do do do (2x)

Do do do do do do do when your on your knees do do do do (6x)
Oh won't you lick the pavement for me [till fade].
