

## R U Happy Now

Garbage

Everybody loves a winner  
Life's a party  
Life's a gas  
Will it get better than selling people?  
Golden sneakers and alternative facts  
You're a liar  
You're deceivers  
You're a user  
You're a cheater, there's no love

Make no mistake, friend  
They hate your women  
They rob your children and they love their guns  
They're all liars, they're all users  
You're a cheater, there's no love

Now all is said, all is done, R U happy, R U happy now?  
Now all is said, all is done, R U happy, R U happy now?

Destroy the future  
It's unbelievable  
Prepared for nothing as we suck our thumbs  
They buy our silence, the modern devil  
They think it's funny, there is no love

Now all is said, all is done, R U happy, R U happy now?  
Now all is said, all is done, R U happy, R U happy now?  
Now all is said, all is done, R U happy, R U happy now?

We have an idea  
No one can take part  
We sew a seam but then they pick it apart  
It's picture perfect  
So white, so clean  
They kill books, they break rules, they kill dreams

R U happy? R U happy? R U happy now? R U happy now?  
R U happy? R U happy? R U happy now? R U happy now?  
R U happy? R U happy? R U happy now? R U happy now?  
R U happy? R U happy? R U happy now? R U happy now?  
R U happy? R U? R U happy now?  
R U happy? R U? R U happy now?  
R U happy now?
