

Supernatural

Garbage

Built a king on compliments
Charisma and advertisements
Still they see him shimmer ephemeral
It ain't supernatural
No, it ain't supernatural
Supernatural maybe

It was an out of body experience
Yes I flew around the hospital walls
Intravenous demerol
And it weren't supernatural
No, it weren't supernatural
Supernatural maybe

A sudden smell of hay
A certain view
Sparked off a case of the deja vu
Is it inexplicable?
No, no, it ain't supernatural
No, it ain't supernatural
Supernatural maybe.
