

Time Will Destroy Everything

Garbage

Time will destroy everything
Time will destroy everything
Time will destroy everything
Time will destroy everything

Oh the world is rough
Its jaws crack open, it will swallow you right up
The moment you're awake
The clock, it's ticking and it won't stop, it don't stop

Time will destroy everything
Time will destroy everything

I am ready for the last fight, the last fight
The last fight, the last fight
The last fight, the last fight

Tick tock, tick tock
Tick tock, tick tock
Tick tock, tick tock
Tick tock, tick tock

I'm not shaking in my shoes
And I'm not waving in the wind
Tick tock, tick tock
Tick tock, tick tock
I'm not waving in the wind

Time will destroy everything
Time will destroy everything
Time will destroy everything
Time will destroy everything

Time will destroy everything
Time will destroy everything
Time will destroy everything
Time will destroy everything
Time will destroy everything
