

# Missing You

Gareth Emery

A brand-new day  
You're still so far away  
The things I'd say  
If we just had a way  
To speed up time  
I know, I'll count the days  
They pass so slow

A distant sky  
The day we said goodbye  
Pictures we took  
Can't bring myself to look  
And I hope these words get through  
Remember me  
I still love you

Stars in our eyes  
An endless sky  
Got all the time  
No need to cry  
No need to fight  
We're still alive  
We're still alive  
The moon is shining bright tonight  
I can feel you on the other side  
I could just die happy tonight, we're taking flight  
'Cos I miss you  
I miss you  
I miss you  
I miss you  
I miss you  
I miss you

Stars in our eyes  
An endless sky  
Got all the time  
No need to cry  
No need to fight  
We're still alive  
We're still alive  
The moon is shining bright tonight  
I can feel you on the other side  
I could just die happy tonight, we're taking flight  
'Cos I miss you  
I miss you  
I miss you  
I miss you  
I miss you
