

## 19 Minutes

Gareth Gates

19 minutes since you hung up the phone  
I'm already seeing the dark shadows growin'  
I wonder what you're doing right now  
Do you hurt like I hurt?  
19 hours and I can't fall asleep  
I've turned all the lights on  
But the shadows are creepin'  
All around the room that was our secret space  
I can't breath, I'm incomplete

Look what you've done baby  
Look what I've become  
I'm just bleedin', I'm bleedin'  
And it doesn't stop  
I don't wanna put you down  
But I feel like I've lost my ground  
And the words that you left me  
Don't pay, don't pay me for my pain...

19 days free to do what I want  
To hang out late with the shadows  
I know, what I want I can't have,  
What I have I don't want...  
I want you back...

Look what you've done baby  
Look what I've become  
I'm just bleedin', I'm bleedin'  
And it doesn't stop  
I don't wanna put you down  
But I feel like I've lost my ground  
And the words that you left me  
Don't pay, don't pay me for my pain...

Suddenly the words we were too scared to speak  
Became the words that released us...

Look what you've done baby  
Look what I've become  
I'm not bleedin', I'm breathin'  
The pain's gone away  
I don't wanna put you down  
Cause I feel like I've found my ground  
And the words that you left me just say  
That all in good time hurt will fade  
You've paid me for my pain...
