

# Too Soon To Say Goodbye

Gareth Gates

So many times  
I've played around  
Moving from one to another  
I've been a fool  
I've been unkind  
But being with you made me discover  
That trust and honesty  
is all i need  
And i should never let it slip away  
'csuse girl

Seeing you shine by the candle-light  
Got me hooked, and it feels so right  
So good that baby i dun want tis night to be over  
Stay right here oh please don't leave  
Let's star in our own love scene  
Then chii and spread the night  
It's too soon to say goodbye  
It's too soon to say goodbye

Darlin'I know  
You're the type who goes slow  
And trust when i say  
I don't mean to rush you  
But give it some thought  
If you're all alone

You're just gonna wish  
That I was there too imagine you and me  
As close as two can be  
We can let it flow for eternity girl

Darlin' I know  
You're the type who goes slow

And Trust when I ay  
Trust when I Say
