

Moon

Garrett Kato

Deep in the distance, I hear the mountains
Calling me back home
A feeling that most know, a door that I can't close
Somewhere deep down

And, oh, I'm burnin' low
But I keep coming back for more

There's something 'bout that moon
You know I put my heart in it, every single part of it
Has gone too soon
Don't know where I'm gonna be, but I know I'll see
You soon
(You soon)

And what if I told you that I'm still afraid to be
Living here all alone?
You said, "Hold onto just what you need to
And call me when you know"

But, oh, I'm burnin' low
But I keep coming back for more

There's something 'bout that moon
You know I put my heart in it, every single part of it
Has gone too soon
Don't know where I'm gonna be, but I know I'll see
You soon

And dust, it settles in your mind
And darkness hides behind those eyes
Soon I know you'll be feeling fine
So I'll lay beside you in the darkest nights
Singin' something 'bout that moon
Something 'bout that moon
(Close your eyes)
(Close your eyes)
(Close your eyes)

There's something 'bout that moon
You know I put my heart in it, every single part of it
Has gone too soon
Don't know where I'm gonna be, but I know I'll see
You soon

(But I know I'll see you soon)
