

You don't have to tell me if you don't want to  
But things are getting scary all alone without you  
I can't read your mind but I'll practice  
Telepathic powers just to feel you  
Just to be near you

Tell me where do secrets go?  
When echoes fade to oblivion  
Holding onto something close  
And words start to lose their meaning  
Say what you wanna say  
To me, oh  
Tell me where your secrets go  
Before they fade to memories

Everywhere we go, you carry it beside you  
One day I know you'll leave it all behind you  
And I see the light shining through  
Don't let the darkness paint a shade of blue  
Shade of blue

Tell me where do secrets go?  
When echoes fade to oblivion  
Holding onto something close  
And words start to lose their meaning  
Say what you wanna say  
To me, oh  
Tell me where your secrets go  
Before they fade to memories

Tell me where do secrets go?  
When echoes fade to oblivion  
Holding onto something close  
And words start to lose their meaning  
Say what you wanna say  
To me, oh  
Tell me where your secrets go  
Before they fade to memories
