

Slow Motion

Garrett Kato

I've been thinking 'bout all that we are
And what you mean to me
Little spaces in my heart
Where I find you underneath
But I hope that time can change
How you're leaving this way
But I know that it's for the best
But I wish I could start again

Slow-motion heartache
Hate to feel like this
When it feels like this, darling
Slow-motion heartache
Hate to feel like this
When it feels like this, darling

I've been dreaming 'bout us in the light
Of what we used to be
All these pictures in my mind
That never seem to leave
But there's nowhere I can go
That makes it easier
But I know when I fall asleep
That you'll be there, here with me

Slow motion heartache
Hate to feel like this
When it feels like this, darling
Slow motion heartache
Hate to feel like this
When it feels like this, darling

I wanna go wherever you go
Follow you through this
I wanna feel the way that you feel
Rolling through the thunder

Slow motion heartache
Hate to feel like this
When it feels like this, darling
Slow motion heartache
Hate to feel like this
When it feels like this, darling
