

# Fish

Garth Brooks

I took a short vacation  
To the Gulf of Mexico  
Everyday I'd see this fellow  
With his tackle box and pole  
And he'd fish  
And he'd fish  
All day long

So one day I went out walking  
And when I got down to his spot  
Me and him got to talking  
And said have you ever thought  
About what you are going to do with your life  
I said I'm about to share with you  
My secret to success  
So you can go make something of yourself

You can sell these fish you're catching  
You can buy yourself a boat  
Hard work and dedication  
And the next thing you know  
You reinvest your money  
You'll be captain of the fleet  
You'll be sitting pretty down on Easy Street  
And you can do anything that you wish  
He says, you mean fish?

His simple words of wisdom  
Hit me right between the eyes  
And it really got me thinking  
About the way I live my life  
Cause I just work  
And I work  
All day long

So I asked myself a question  
That I knew the answer to  
Is success a second mortgage  
On a big house with a pool  
Or is it a chair  
The salt in the air  
Wetting the line

That advice that I tried to give him  
To take him to the top  
Was really nothing more than just a crock

You can sell these fish you're catching  
You can buy yourself a boat  
Hard work and dedication  
And the next thing you know  
You reinvest your money  
You'll be captain of the fleet  
You'll be sitting pretty down on Easy Street  
And you can do anything that you wish  
He says, you mean fish?

So I went and bought some tackle  
And a bucket full of bait  
You can find me here most days  
With my chair sitting there next to his  
We just fish  
Yeah, we just fish  
Yeah fish, fish, fish, fish, fish
