

Don't Look Down

Gary Barlow

We lost our way
Taking every turn we shouldn't take
Trying to run back now
Is it too late?
Just the memory of us
We found our words
Scattered in between the nouns and verbs
It's in the pauses where everything hurts
Just the memory of who we were

Don't let the memories be how you remember me

'Cause I wanna say it and mean it
I know we can get back the feeling
Just hold on and fight off your demons
We'll make it if we stand our ground
Just don't look down
Just don't look down

We moved too fast
Stared too long at the greener grass
We looked up and 15 years had passed
Haunted by the ghosts we used to know

Don't let the memories be how you remember me

'Cause I wanna say it and mean it
I know we can get back the feeling
Just hold on and fight off your demons
We'll make it if we stand our ground
Just don't look down
Just don't look down

The higher we rise, the harder we fall
And we don't know when to stop
The higher we climb, the more that we learn
That we're all that we've got
So don't look down
So don't look down
So don't look down

'Cause I wanna say it and mean it
I know we can get back the feeling
Just hold on and fight off your demons
We'll make it if we stand our ground
Just don't look down
Just don't look down
