

## My Dear Acquaintance

Gary Barlow

My dear acquaintance, it's so good to know you  
For strength of your hand that is loving and giving  
And a happy new year with love overflowing  
With joy in our hearts for the blessed new year

Raise your glass and we'll have a cheer  
For us all who are gathered here  
And happy new year to all that is living  
To all that is gentle, kind, and forgiving

Raise your glass and we'll have a cheer  
My dear acquaintance, a happy new year

Raise your glass and we'll have a cheer  
For us all who are gathered here  
And happy new year to all that is living  
To all that is gentle, kind, and forgiving

Raise your glass and we'll have a cheer  
My dear acquaintance, a happy new year
