

Alone Together

Gary Clark Jr.

Let's work it out, baby, work it out, yeah

You say you're mistreated
You don't think I know how you feel
Oh, you question, I push back
You don't think my love is for real
I'm still here, so

Why do we feel so alone together?
We should be dancing on the floor, oh
Why do we feel so alone together?
We should be dancing on the floor

I feel like I'm so tired
Sometimes I feel we should let us go
I wanna work it out, I just wanna work it out, babe
But it's draining me and killing my soul
So let me know

Why do we feel so alone together?
We should be dancing on the floor, oh
Why do we feel so alone together?
We should be dancing on the floor

If we let it go
I know we can work it out, baby, yeah
I know, I know that we can work it out, baby, hey

We're a mess with our domestics
How did this come to boil?
If we're invested in this quest for love
It's what I've been living for, so let me know

Why do we feel so alone together? (Do you feel so alone together, babe?)
We should be dancing on the floor, oh (We should be dancing on the floor, on the floor)
Why do we feel so alone together? (Why do we feel so alone together, babe?)
We should be dancing on the floor (Oh, let it go, babe)
Why do we feel so alone together? (Why do we feel this way, babe?)
We should be dancing on the floor, oh (I don't like feeling this way, baby)
Why do we feel so alone together? (I know we can work it out)
We should be dancing on the floor (Oh, we gotta work it out, baby)
Why do we feel so alone together? (Why do we feel so alone, babe?)
We should be dancing on the floor, oh (If you let it go)
Why do we feel so alone together? (I don't wanna feel alone together with you, babe)
We should be dancing on the floor

I know we can do better

I know we can feel better, baby, yeah
Oh no, oh no
