

# Can't Sleep

Gary Clark Jr.

I met this girl at a party cause she said she was down  
I really didn't know her but I'd seen her around  
The kind of girl that only likes to hang with the guys  
Can tell that she is trouble, see it all in her eyes  
But I pursued it the best that I can  
Had me a couple shots, I'm feeling like a man  
How was I supposed to know that I was part of a plan?  
But it's too late now

Now you're the reason that I can't sleep at night and I can't go home  
I know it ain't right, gotta leave you alone  
But I can't, whoa no  
But I can't, whoa no  
Now you're the reason that I can't sleep at night and I can't go home  
I know it ain't right, gotta leave you alone  
But I can't, whoa no  
But I can't, whoa no

Well, back to the party where it's going down  
The smoke is in the air, smell it all around  
Some girls are on the floor, looking good getting down  
Some hating motherfucker steady staring me down  
But I ain't worried about that for the time  
My girl's across the way giving me the eye  
She's got her back turned to some other guy  
But it's too late now

Now you're the reason that I can't sleep at night and I can't go home  
I know it ain't right, gotta leave you alone  
But I can't, whoa no  
But I can't, whoa no  
Now you're the reason that I can't sleep at night and I can't go home  
I know it ain't right, gotta leave you alone  
But I can't, whoa no  
But I can't, whoa no

Now you're the reason that I can't sleep at night and I can't go home  
I know it ain't right, gotta leave you alone  
But I can't, whoa no  
But I can't, whoa no  
I gotta leave you alone, it ain't right  
I gotta leave you alone, it ain't right  
I gotta leave you alone, it ain't right  
I gotta leave you alone, it ain't right  
Now you're the reason that I can't sleep at night and I can't go home  
I know it ain't right, gotta leave you alone  
But I can't, whoa no  
But I can't, whoa no
