

## Travis County

Gary Clark Jr.

Travis County took my picture  
But no, I didn't smile  
They told me I was gonna be here  
For a pretty long while

One day I was walking down the street when  
I should've been walking down the hall  
Heard a voice calling out, saying  
"Ooh, where you going, y'all?"

Now before I could've gathered my thoughts  
I turned around and I saw the cops  
I pointed arms up right when  
He told me I better stop

Oooh, oooh

They put my hands in cuffs  
Oh boy, they even locked me up  
When I thought that it was all a bluff  
Till they started taking my stuff

Now I'm sittin' 'round in my cell  
Just a looking at the wall  
I didn't even get to make  
My one phone call

After I was just sittin' 'round  
You know I started getting down  
When they let me out  
All I could do is scream and shout
