

Are You Hard Enough

Gary Glitter

It's been so hard, so long, oh yeah, oh yeah
We could be so strong, oh yeah, oh yeah, oh yeah

Don't you know that I've been everywhere
Up and down, back without a care
People always want to stop and stare
I've got something I want you to care

When I look at you, you make me smile
You're the people I need the most
Everywhere I go you seem so close
Are you hard enough to stick by me
Are you hard enough, we're going to see
We could be around here for awhile

Are you hard enough
Are you strong enough
Do you want it all (oh yeah, oh yeah)
Are you hard enough
Are you tough enough
Do you want it all (oh yeah, oh yeah)

Never ever miss out on your dreams
Things ain't quite as bad as they may seem
Stick together, we could be so strong
Stick together, I'm your number one
If you need me, call me, I'll be there

Are you hard enough
Are you strong enough
Do you want it all (oh yeah, oh yeah)
Are you hard enough
Are you tough enough
Do you want it all (oh yeah, oh yeah)

If you need me, call me, I'll be there
Are you hard enough
Are you strong enough
Do you want it all (oh yeah, oh yeah)
Are you hard enough
Are you tough enough
Do you want it all (oh yeah, oh yeah)
