

# Close To You

Gary Glitter

I just want to get close to you (close to you)  
I just want to get close to you (close to you)

I just wanna feel good inside, take a ride, be satisfied  
I just want to get close to you  
I don't want to get out of reach (out of reach)  
I've been praying but I won't preach (I won't preach)  
I just want to get right in close, right in where I like it most  
I just want to get close to you

Can you see me watching from a distance  
Lay so bare my whole existence  
Has no meaning, hasn't any feeling  
Can't get by without assistance

I just want to get close to you (close to you)  
I just want to get close to you (close to you)

I just want to know are you real, can you feel, what I feel  
I just want to get close to you  
I just want to get out of here (out of here)  
And find a way we can disappear (disappear)  
I just want to communicate, stay out late, get our thing straight  
I just want to get close to you

I'm a man who understands the ways of the world  
I was free just being me then I met a girl  
Now I just want to get close to you (close to you)  
I just want to get close to you (close to you)

I don't want to be incomplete, feel the heat, no heartbeat  
I just want to get close to you

My gun is loaded at the hip (at the hip)  
A trigger at your fingertips (fingertips)  
Going to ride all night and sleep all day  
I'm gonna steal your heart away  
I just want to get close to you

Come on over, get a little closer, climb on board this rollercoaster  
End of story, sail into the sunset, let's go where the world is look[?]

I just want to get close to you (close to you)  
I just want to get close to you (close to you)

I don't want to be out of reach

My gun is loaded at the hip  
A trigger at your fingertips  
You know I just want to get out of here  
And find a way we can disappear  
I just want to get close to you (close to you)
