

Hair of the dog

Gary Glitter

Oh no, oh no
The morning after the night before
Gotta get up and get some more
Tell the truth, thinking [?] a lot
Cause I'm hungover with your love

Hey, this feeling will fade
There's a burning in my brain
[?] It's the rising thing to say [?]
I'd be better off in bed

And I need a hair of the dog
Yes, I need a hair of the dog (Yes, I do)
Well I need a hair of the dog
Oh no, oh no

Now I'm feeling kind of rough
[?] That cold scene is enough
There's a shaking, knees weak
And my mouth can't hardly speak

Cause I'm in enough of a state
I'm so thirsty I can't wait
I like whisky, I like wine
But I love you all the time

And I need a hair of the dog
Yes, I need a hair of the dog (Yes, I do)
Oh no, oh no
