

Beautiful

Gary Jules

Lazy, and is it any wonder
With all the heavenly influences to be under?
We know all about it, the waiting in line
Maybe this time it could be beautiful

Baby, why are you still shaking
With vitamins, saccharin, and methadone ready for the taking?
I saw you in the hothouse turning water into wine
Maybe this time it could be beautiful

Sister sunlight, you renew me
Mr. Moonlight, say you knew me

Maybe this time it could be beautiful.
