

We Got Fight

Gary LeVox

We ain't got much
Where I come from
We all work hard
Don't bet on good luck
Ain't no easy street
Just some gravel and a black top
And we hold on to
Oh, everything we got

We got grit
We got guts
We got pride
We got tough
Ain't no givin' up runnin' through our veins
Backs to the wall, we'll find a way
Never say quit
Never say die
Play a little rough
You're daggone right
Oh, knock us down, we'll come back every time
Yeah, we got fight

We don't bark much
We just hang tight
Sometimes the underdogs
Haha, got the baddest bite
It's how we were born, how we were raised
From our boots to our last names

We got grit
We got guts
We got pride
We got tough
Ain't no givin' up runnin' through our veins
Backs to the wall, we'll find a way
Never say quit
Never say die
Play a little rough
You're daggone right
Oh, knock us down, we'll come back every time
Yeah, we got fight

Oh, fire us up, don't count us out
'Cause we got fight
Dust off our hats for one more round
Yeah, we got fight
Yeah

We got grit
We got guts
We got pride
We got tough
Ain't no givin' up runnin' through our veins
Backs to the wall, we'll find a way
Never say quit
Never say die
Play a little rough

Yeah, you're daggone right
Knock us down, we'll come back every time
Oh, knock us down, we'll come back every time
Oh, we got fight
Hell, we got fight, oh
We got fight
