

I Gotta Find Cupid

Gary Lewis & The Playboys

We were oh so happy
Only yesterday
Then we had a quarrel
And now she's gone away

I gotta find Cupid
I really need him right away
I gotta find Cupid
'Cause maybe he can save the day

I'll borrow his arrow
And shoot it at her heart
Gotta find Cupid
And make another start

She ran away because
People told her lies
Said I was untrue to her
And that's the reason why

I gotta find Cupid
'Cause he can send her back to me
If he could shoot his arrow
And make it like it used to be

He can tell her that I'm sorry
I didn't mean to make her cry
Gotta find Cupid
'Cause I'm such a lonely guy

She ran away because
People told her lies
Said I was untrue to her
And that's the reason why

I gotta find Cupid
'Cause he can send her back to me
If he could shoot his arrow
And make it like it used to be

He can tell her that I'm sorry
I didn't mean to make her cry
Gotta find Cupid
'Cause I'm such a lonely guy

I gotta find Cupid
'Cause he can send her back to me
If he could shoot his arrow
And make it like it used to be

He can tell her that I'm sorry
I didn't mean to make her cry
Gotta find Cupid
