

Days of Heroes

Gary Moore

Back in the days of warriors
This one he stood so tall
He was the young Ku Kullen
The bravest of them all
The Hound of Ulster roamed to the battle
So many cried just as he'd slide his hip
These were the days of heroes
Only the strong survived
Those were the days of heroes
You won't get out alive
Little one of Ireland
He took on any foe
He would raise his mighty sword
The con of blood would flow
His chariot would make the sound of thunder
The crowd beneath would tremble as he ...
Those were the days of heroes
Only the strong survived
Those were the days of heroes
You won't get out alive
Those were the days of heroes
Only the strong survived
Those were the days of heroes
You won't get out alive
Those were the days of heroes
Only the strong survived
Those were the days of heroes
You won't get out alive
