

# Don't Make Promises

Gary Puckett & The Union Gap

It seems the songs we're singing  
Are all about tomorrow  
Tunes of promises you can't keep  
Every moment bringing  
A love I can only have borrow  
You're telling me lies in your sleep

Do you think I'm not aware  
Of what you're saying  
Or why you're saying it?

Is it hard to keep me where  
You want me staying?  
Don't go on betraying it

Don't make promises you can't keep (don't make promises you can't keep)

We had a chance to find it  
Our time was now or never  
You promised me things that I need  
But then all the things behind it  
Took away the chance forever  
You're telling me lies in your sleep

Do you think I'm not aware  
Of what you are saying  
Or why you're saying it?

Is it hard to keep me where  
You want me staying  
Don't go on betraying it

Don't, no, no  
Don't make promises you can't keep (don't make promises you can't keep)  
Don't make promises you can't keep (don't make promises you can't keep)  
Hey, no, don't make promises you can't keep (don't make promises you can't keep)  
Don't you ever make those promises you can't keep (don't make promises you can't keep)  
No, no, don't make promises
