

Gentle Woman

Gary Puckett & The Union Gap

I loved her in many ways
But I guess my love didn't show
I always thought she would stay
Never believing she'd ever go

My gentle woman's gone
I didn't hear her go
I wanted her to love me and she tried
She never would have hurt me
With goodbye

A woman...
Gentle woman
Oh, a woman... goodbye

Can you imagine half a man?
Sometimes I feel that's what I am
If it's all I ever do
She'll see that I am gentle too

But now she's gone
I didn't hear her go
I wanted her to love me and she tried
She never would have hurt me
With goodbye

A woman...
Gentle woman
Oh, a woman... goodbye

A woman...
Gentle woman
Oh, a woman... goodbye

A woman...
Gentle woman
Woman... goodbye

A woman...
Gentle woman...
