

Now and Then

Gary Puckett & The Union Gap

Good day
Shall I check under your hood?
I wonder where she could be
Your water pump isn't working too good
Whatever took her from me?

So I fill the radiator
Oh, what made her want to go?
Thank you, my friend
Please drive in again
I miss her so

Hello, my friend
You're leaking some air
All I could give her was love
All of your tires are beginning to wear
I guess that wasn't enough
Today we have a sale on retreads
Tears that she shed told me so

Thank you, my friend
Please drive in again
I miss her so

Good afternoon
Are you bound for LA?
What was she looking to find?
This is the last truck stop on the way
Could I still be on her mind?

Get out awhile and stretch your legs, sir
How I begged her not to go

Thank you, my friend
Please drive in again
I miss her so
